## EXPERIENCE

### Evon Group, COO

OCTOBER 2019 - PRESENT

A small private investing company I started with friends. We focus on investing in equities through thorough research. I mostly work on analysis on tech companies and maintaining and developing our software, such as our investor portal.

### Velho Company Oy, Entrepreneur

OCTOBER 2020 - PRESENT

I work on different kinds of software and programming projects through my own company. I focus on web projects with tools like JavaScript, React and Nextjs.

## EDUCATION

### Tampere University, LuK + FM (BSc + MSc)

SEPTEMBER 2021 - PRESENT

I study mathematics and statistical data analytics with a minor in computer science at Tampere University.

### Kaurialan lukio, Ylioppilastutkinto

AUGUST 2018 - JUNE 2021

Finnish matriculation examination / high school diploma. I was enrolled in a special program focused on math and natural sciences (Tiedelukio).

## PROJECTS

### Google Data Analytics Certification — Capstone project

A mock case study where I used Google Sheets, SQL (with Google BigQuery) and Tableau Public to generate insights on a real world dataset.

The report can be accessed here: [Google Certificate Capstone project](#)

## PROFILES

[Github: JGynther](#)

[LinkedIn: joona-gynther](#)
